A Comprehensive Assessment of Wetlands using Spatial and Environmental Analysis

Authors: Barbara J Brunnick, Ph.D., Kathleen Wood, Ph.D. Dr. Stefan E Harzen and Marsha Pardee

Produced and Published by the Authors upon request of GB-DEVCO

Design and Layout by S. Harzen and B. Brunnick
Edited by S. Harzen and K. Wood
Maps by B. Brunnick
Photographs by S. Harzen and B. Brunnick

TABLE OF CONTENT

Introduction	3
Methodology	4
Results	11
First Objective – Identify and provide descriptions of each community type together with illustrating imagers	11
Second Objective – Provide highly accurate and detailed maps of wetlands	23
Third Objective – Determine the overall size of wetlands as well as the spatial expansion of all its components	
Fourth Objective – Assess the condition/health of the wetland	27
Conclusions	33
